

# 2024 Washington County Municipal Directory

**The information contained herein has been provided by each city, borough or township.**

# Introduction

In response to numerous inquiries concerning local government and its services, the Washington County Planning Commission has published this booklet, "Washington County Municipal Directory." Going beyond a mere listing of municipal officers, this directory presents a multitude of informational statistics and provides a profile of service levels.

While this booklet will be of interest to the general public, its primary audience is the local official. This directory is designed so that, municipalities can be compared in areas such as population, building regulations, etc. Communities are able to identify other places with similar concerns and problems; ideas and solutions can be shared.

We would like to extend our appreciation to the 66 municipalities which responded to the questionnaire.

We hope you find this publication useful. As always, we welcome your opinions and suggestions for improvement.

Washington County Commissioners

Nick Sherman, Chairman

Electra S. Janis, Vice Chair
